STATEMENT OF OBJECTS AND REASONS

On the 18th August, 1965, in reply to a starred question in the Lok Sabha, the important changes contemplated in the organisational set up of the Municipal Corporation of Delhi to enable that body to function more efficiently were indicated by the Government. The Bill seeks to give effect to these changes.

2. The salient features of the Bill are as under:—

(i) Under the Delhi Municipal Corporation Act, 1957, the executive power for the purpose of carrying out the provisions of the Act vests in the Commissioner but in a number of cases, he can act only with the previous sanction or approval of the Standing Committee or the Corporation. The scheme embodied in the Bill provides for the executive functions being vested in the Mayor-in-Council consisting of the Mayor who will be elected by the members of the Corporation and two Deputy Mayors who will be appointed by the Administrator on the advice of the Mayor. The Commissioner will be the principal executive officer of the Corporation and will exercise the powers and perform the duties conferred or imposed on him under the Act subject to the supervision and control of the Mayor-in-Council. In effect, therefore, the scheme embodied in the Bill seeks to vest in the representatives of the people a full measure of control over execution of the policies laid down by the Corporation and day to day civic administration. Accordingly, the provisions relating to the Standing Committee in the Act are proposed to be omitted and the powers of that Committee are proposed to be vested in the Mayor-in-Council. Certain functions which are essentially of executive nature, at present vested in the Corporation, will also be exercised by the Mayor-in-Council.

(ii) The powers exercisable under the Act by the Central Government in relation to the Corporation are, to a large extent, proposed to be entrusted to the Administrator who will exercise these powers with the assistance and advice of his Executive Council.

(iii) Separate Bills are being introduced in Parliament for constituting for the Union territory of Delhi a Road Transport Corporation, an Electricity Board and a Water Supply and Sewage Disposal Board for discharging the functions relating to trans-

port, bulk supply of electricity and water and sewage disposal. As a consequence of this, it is proposed to transfer the functions relating to transport, bulk supply of electricity and water and sewage disposal from the Corporation and to abolish the various municipal authorities connected with these functions.

(iv) The Bill provides for the setting up of Zonal Committees consisting of members elected to the Corporation from the zones concerned which will be in charge of such items of work within their zones as the Corporation may entrust to them. The Bill also provides for the appointment by the Mayor-in-Council of Advisory Committees consisting of members of the Corporation elected in accordance with the system of proportional representation by means of the single transferable vote.

(v) The Bill seeks to amend section 20 of the Indian Trusts Act, 1882, so as to confer the status of "trustee securities" on the debentures issued by the Municipal Corporation of Delhi. The Bill also seeks to amend the Delhi Development Act, 1957, so as to provide for representation on the Advisory Council of the Delhi Development Authority to the Metropolitan Council of Delhi and the proposed Delhi Road Transport Corporation, Delhi Electricity Board and Delhi Water Supply and Sewage Disposal Board.

3. The more important provisions of the Bill are further explained in the Notes on Clauses.

NEW DELHI;
The 16th August, 1966.

Notes on Clauses

Clause 2.—This clause seeks to confer on the Administrator the powers and functions in respect of a number of matters which are at present exercised in relation to the Corporation by the Central Government. It also provides for the Mayor-in-Council being vested with the powers and functions at present exercised or discharged by the Standing Committee.

Clause 4.—This clause provides for an increase in the number of aldermen from six to ten.

Clause 6.—This clause provides that a sentence of imprisonment for an offence involving moral turpitude punishable with imprisonment for a term exceeding six months shall also be a disqualification for being chosen as, and for being, a councillor or an alderman.

Clause 7.—This clause provides that the Director of Municipal Elections shall be in charge of municipal elections instead of the Commissioner because the latter will no longer be a municipal authority but will be functioning under the supervision and control of the Mayor-in-Council.

Clause 9.—This clause seeks to incorporate in section 22 of the principal Act, changes similar to those incorporated in section 123 of the Representation of the People Act, 1951.

Clause 10.—This clause seeks to bring section 25 of the principal Act in line with section 126(1) of the Representation of the People Act, 1951.

Clause 13.—This clause seeks to amplify section 34 of the principal Act so as to provide also for the grant of honoraria or fees to the members of the Corporation and for the installation of telephones, free of charge, at their residences.

Clause 14.—This clause makes the following provisions in respect of the Mayor:—

(a) The Mayor shall be elected by the members of the Corporation after each general election and so often as the office of Mayor becomes vacant (new section 35).

(b) Circumstances in which the Mayor shall cease to hold office (new section 36).

(c) Procedure for removal of Mayor (new sections 37 and 38).

(d) Arrangements for discharge of functions of the Mayor when the office of Mayor becomes vacant or when the Mayor is absent (new section 39).

Clause 16.—This clause provides for the—

(a) vesting of executive powers of the Corporation in the Mayor-in-Council (new section 44);

(b) constitution of Mayor-in-Council and appointment of Deputy Mayors by the Administrator on the advice of the Mayor (new section 45);

(c) circumstances in which a Deputy Mayor shall cease to hold office (new section 46);

(d) salaries and allowances payable to the Mayor and Deputy Mayors (new section 49);

(e) framing of rules for the conduct of business of the Mayor-in-Council (new section 50);

(f) setting up of Zonal Committees, not exceeding ten in number, consisting of members of the Corporation elected from the wards within the zone concerned (new section 51); and

Clause 20.—This clause provides that the interpellations will be answered by the Mayor or a Deputy Mayor.

Clause 24.—Provision has been made in this clause to the effect that the Commissioner will be appointed by the Mayor-in-Council with the approval of the Administrator and that the salaries and allowances and facilities that may be given to the Commissioner will be fixed by the Administrator. The clause also provides for other matters relating to the office of the Commissioner including his functions and new section 88F lays down that the Commissioner shall function subject to the supervision and control of the Mayor-in-Council.

Clause 25.—This clause seeks to empower the Mayor-in-Council to make appointments of certain senior municipal officers. At present this power vests in the Corporation.

Clause 27.—This clause seeks to vest in the Mayor-in-Council the power of making appointments to posts carrying a minimum monthly salary (exclusive of allowances) of Rs. 400 or more. At present the power is exercisable by the Corporation in respect of the general wing.

Clause 29.—This clause provides for the constitution of a Municipal Service Commission consisting of three members—one nominated by the Central Government, one by the Administrator and the other by the Mayor-in-Council. This Commission will be concerned with recruitment to posts carrying a maximum monthly salary of more than Rs. 110 (exclusive of allowances) but less than Rs. 1500 (exclusive of allowances) and will also be consulted regarding disciplinary matters affecting persons serving under the Corporation. Suitable adjustments have also been made in the provisions relating to consultation with the Union Public Service Commission as that Commission will be concerned only with recruitment to posts carrying a maximum salary of Rs. 1500 or more (exclusive of allowances).

Clause 31.—This clause seeks to confer on the Mayor-in-Council the power of making regulations relating to conditions of service of municipal employees and recruitment to municipal posts. At present this power is exercisable by the Corporation.

Clauses 32 to 38.—At present the Municipal Fund is kept in four accounts, namely, the Electricity Supply Account, the Transport Account, the Water Supply and Sewage Disposal Account and the General Account. With the abolition of separate municipal authorities dealing with the undertakings, it is no longer necessary to maintain the separate accounts and there will only be a single account for the Municipal Fund. The amendments proposed in these clauses are mainly consequential to this change.

Clauses 39 to 41.—These clauses make certain consequential changes in the provisions relating to budget estimates of the Corporation.

Clause 42.—This clause seeks to provide that the Corporation shall not levy any tax on the sale or supply of electricity to the New Delhi Municipal Committee or the Military Engineer Services, Delhi Cantonment or the Delhi Electricity Board.

Clause 44.—The amendment proposed in this clause is only consequential to the repeal of the Delhi and Ajmer Rent Control Act, 1952 by the Delhi Rent Control Act, 1958.

Clause 48.—This clause seeks to make it clear that once a non-obligatory municipal tax has come into force in accordance with the law, its continuance during subsequent years shall be regulated by the same provisions as are applicable to the continuance of obligatory taxes.

Clause 50.—This clause seeks to confer on the Mayor-in-Council the functions of investing in public securities the money paid in the sinking funds, transfer of moneys from the sinking funds and submitting annual statement to the Corporation regarding such funds. At present these functions are performed by the Commissioner.

Clause 52.—Under section 198 of the principal Act, the Commissioner has to acquire immovable properties which the Corporation may decide to acquire. The clause seeks to entrust this function to the Mayor-in-Council.

Clause 54.—Under section 200 of the principal Act, the Commissioner can dispose of properties belonging to the Corporation within certain limits beyond which he has to obtain the sanction of the Standing Committee or the Corporation. This clause seeks to empower the Mayor-in-Council to exercise full powers in the matter of disposal of properties belonging to the Corporation and also provides for certain limited powers being entrusted to officers of the Corporation in this behalf. Provision has also been made for submitting to the Corporation reports regarding the disposal of properties effected by the Mayor-in-Council and for similar reports being submitted to the Mayor-in-Council when the properties are disposed of by the municipal officers empowered in that behalf.

Clause 55.—Section 202 of the principal Act empowers the Commissioner to enter into contracts on behalf of the Corporation subject to approval of the Standing Committee or the Corporation being obtained in regard to contracts involving expenditure beyond certain limits. This clause seeks to provide for the contracts being executed by the Commissioner or other municipal officers authorised by the Mayor-in-Council subject to approval of the Mayor-in-Council being obtained—

STATEMENT OF OBJECTS AND REASONS

On the 18th August, 1965, in reply to a starred question in the Lok Sabha, the important changes contemplated in the organisational set up of the Municipal Corporation of Delhi, were indicated by the Government. It was then stated that the existing Delhi Transport Undertaking of the Municipal Corporation of Delhi would be replaced by a separate statutory body. This Bill has been brought forward to give effect to that proposal.

2. It is intended that the statutory body in place of the Delhi Transport Undertaking should be the Road Transport Corporation established under the Road Transport Corporation Act, 1950 (hereinafter referred to as the principal Act). At present the Road Transport Corporations Act, 1950, does not extend to the Union territory of Delhi. Accordingly the Bill seeks to extend this Act to the Union territory of Delhi subject to the modifications specified in the Schedule contained in the Bill.

3. The important modifications are as under:—

(1) Having regard to the special requirements of Delhi, paragraph 1 of the Schedule seeks to modify section 5 of the principal Act to provide *inter alia* that the Road Transport Corporation will consist of six members. Of these, two will be elected by the members of the Metropolitan Council of Delhi and one by the members of the Municipal Corporation of Delhi, from among themselves. The remaining three members, including the Chairman, will be appointed by the State Government.

(2) Paragraph 13 of the Schedule seeks to modify sections 33, 35 and 37 of the principal Act to provide for the laying of the accounts of the Road Transport Corporation and the audit report thereon; the returns, statistics and other information with respect to the property and activities of the Corporation; and the notification issued under section 37 assuming control over a part of the Undertaking of the Corporation, before the Metropolitan Council of Delhi.

(3) On the establishment of the Road Transport Corporation for Delhi, the properties of the Delhi Transport Undertaking and its liabilities as well as the officers and other employees of that Undertaking will stand transferred to the Road Transport Corporation. Provision has also been made for the

determination of the value of assets and sum total of the liabilities transferred to the Road Transport Corporation and the financial adjustments in respect thereof between that Corporation and the Municipal Corporation of Delhi. New sections 47 and 48 proposed to be inserted by paragraph 17 of the Schedule seek to make provisions for these purposes.

4. Opportunity has also been taken to extend the principal Act to the States of Jammu and Kashmir and Nagaland and the Union territories of Dadra and Nagar Haveli, Goa, Daman and Diu and Pondicherry.

Under clause 2 of the Bill, the Road Transport Corporations Act, 1950, extends to the whole of India and in its application to the Union territory of Delhi, it shall be subject to the modifications specified in the Schedule.

Under section 23 of the Act as proposed to be modified by paragraph 9 of the Schedule to the Bill, the Central Government may provide to a Corporation any capital that may be required by it for the purpose of carrying on the undertaking or for purposes connected therewith. That section also makes provision for subscription by the Central Government in the shares issued by a Corporation for its authorised capital.

Section 24 of the Act as proposed to be modified by paragraph 10 of the Schedule authorises a Corporation to raise further capital with the approval of the Central Government by issue of new shares and makes provision for the subscription by the Central Government in the new shares.

To meet the capital requirements of the Delhi Transport Undertaking of the Municipal Corporation of Delhi, loans amounting to Rs. 90 lakhs and Rs. 130 lakhs were advanced to the Undertaking by the Central Government during the years 1964-65 and 65-66 respectively and a provision of Rs. 100 lakhs has been made for the purpose during the current financial year, *i.e.* 1966-67. Assistance on these lines by way of loan and/or participation in the shares issued, if any, by the new Corporation for its authorised capital or for raising further capital may have to be continued for a few years more to meet the requirements of that Corporation.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Section 44 of the Road Transport Corporations Act, 1950, empowers the State Government to make rules to give effect to the provisions of the Act. Sub-section (2) of that section, as proposed to be modified by paragraph 15 of the Schedule to the Bill, provides for the matters with respect to which such rules may be made. 2. Section 45 of the Act empowers the Corporation to make regulations not inconsistent with the Act and the rules made thereunder for the administration of the affairs of the Corporation section (2) of that section, as proposed to be modified by paragraph 16 of the Schedule to the Bill, provides for the matter with respect to which such regulations may be made. These matters *inter alia* include the manner in which and the purposes for which persons may be associated with the Corporation under section 10; the time and place of meetings of the Corporation and the procedure to be followed in regard to transaction of business at such meetings; and the issue of passes to the employees of the Corporation and other persons under section 19.

3. The matters with respect to which rules under section 44 and regulations under section 45 may be made are matters of a routine nature or of detail and the delegation of legislative power is, therefore, of a normal character.

BILL No. 60 OF 1966

A Bill to validate the imposition and collection of certain taxes on the consumption or sale of electricity by the Delhi Municipal Corporation.

BE it enacted by Parliament in the Seventeenth Year of the Republic of India as follows:—

Short
title.

1. This Act may be called the Delhi Municipal Corporation (Validation of Electricity Tax) Act, 1966.

Valida-
tion of
levy, col-
lection,
etc., of
tax on.

2. (1) Notwithstanding anything contained in section 150 read with sub-section (2) of section 109 of the Delhi Municipal Corporation Act, 1957, the resolution of the Delhi Municipal Corporation dated the 24th June, 1959, passed under sub-section (3) of section 150 aforesaid, in so far as the said resolution relates to the deter-

mination of the rates at which tax shall be leviable on the consumption or sale of electricity shall be deemed to have been passed in accordance with law and the rates specified in the said resolution in respect of tax on the consumption or sale of electricity shall be deemed to be, and to have been, the actual rates of the tax under the said Act with effect on and from the 1st day of July, 1959 and up to and inclusive of the 31st day of March, 1966.

(2) Notwithstanding anything contained in any judgment, decree or order of any court to the contrary, all taxes on the consumption or sale of electricity levied or collected or purporting to have been levied or collected in pursuance of the resolution referred to in sub-section (1) shall, for all purposes, be deemed to be, and to have always been, validly levied or collected, and accordingly—

(a) all acts, proceedings or things done or taken by the Delhi Municipal Corporation or by any other authority in connection with the levy or collection of such taxes shall, for all purposes be deemed to be, and to have always been, done or taken in accordance with law;

(b) no suit or other proceeding shall be maintained or continued in any court against the Government, the Delhi Municipal Corporation or any person or authority whatsoever for the refund of any taxes so paid; and

(c) no court shall enforce any decree or order directing the refund of any taxes so paid.

STATEMENT OF OBJECTS AND REASONS

By its resolution dated the 9th February, 1959, the Delhi Municipal Corporation decided to levy a tax on the consumption and sale of electricity under sections 113(2) (d) and 150(1) of the Delhi Municipal Corporation Act. This resolution was submitted under section 150(2) of that Act to the Central Government for its sanction and in conveying its sanction on the 20th June, 1959, the Government made certain modifications in the rates of tax on the assumption that its power to grant sanction to the proposals carried with it the power to make such modifications. Under section 150(3) of the said Act, the Corporation passed a second resolution on the 24th June, 1959, to the effect that the rates of tax as sanctioned by Government, should be the actual rates at which the tax would be leviable with effect from the 1st July, 1959. The levy of the electricity tax in terms of the second resolution was set aside by the Punjab High Court. The Court held that in according sanction to the first resolution of the Corporation, the Government had no power to modify or enhance the rates proposed by the Corporation in that resolution and that the Corporation in its second resolution could not adopt rates in excess of the rates determined in the first resolution. The Court also held that the liability to pay the tax could commence only from the 1st April, 1960.

2. The Bill proposes to validate the levy of the tax by the Corporation on the consumption or sale of electricity, in accordance with the rates specified in the afore-mentioned second resolution of the Corporation, with effect from the 1st July, 1959 and until the alteration of such rates in accordance with the provisions of the Delhi Municipal Corporation Act. These rates have been altered recently with effect from the 1st April, 1966.

STATEMENT OF OBJECTS AND REASONS

On the 18th August, 1965, in reply to a Starred Question in the Lok Sabha, the important changes contemplated in the organisational set up of the Municipal Corporation of Delhi were indicated by the Government. It was then stated that the existing Delhi Electric Supply Undertaking would be replaced by a statutory Board which would generate power and make bulk supplies to the local bodies for distribution to consumers. This Bill has been brought forward to give effect to that proposal.

2. Under section 286 of the Delhi Municipal Corporation Act, 1957, the provisions of the Electricity (Supply) Act, 1948, relating to State Electricity Boards ceased to have effect in the Union territory of Delhi from the date the Corporation was established. Clause 2 of the Bill seeks to revive and bring into force these provisions in the Union territory of Delhi subject to the modifications specified in the Schedule to the Bill. The important modifications are as follows:—

(1) Having regard to the special requirements of Delhi, paragraph 1 of the Schedule seeks to modify section 5 of the principal Act so as to provide that the Board will consist of six members. Of these, two will be elected by the members of the Metropolitan Council of Delhi and one by the members of the Municipal Corporation of Delhi, from among themselves. The remaining three members, including the Chairman, will be appointed by the State Government.

(2) Paragraphs 10, 14 and 15 of the Schedule seek to modify the provisions of sections 61, 69 and 73 of the Electricity (Supply) Act, 1948 so as to provide for the annual financial statement, the accounts together with the audit report thereon and the annual reports, of the Board being placed before the Metropolitan Council of Delhi.

(3) The functions of generation and bulk supply of electricity of the existing Delhi Electric Supply Undertaking will be taken over by the Board. Provision has been made in the new section 83B proposed to be inserted by paragraph 17 of the Schedule, to the effect that all generating stations, transmission lines of 33 KV and above and all other works pertain-

ing thereto, including sub-stations receiving supplies from such transmission lines, will be vested in the Board and all debts, liabilities and obligations incurred by the Municipal Corporation of Delhi in relation to such assets would be deemed to have been incurred by the Board. Provision has also been made in that section for the allocation of the officers and other employees of the Delhi Electric Supply Undertaking between the Corporation and the Board. Paragraph 17 of the Schedule also seeks to insert another new section 83C to make provision for determination of the value of assets transferred to the Board and for the financial adjustment between the Board and the Corporation regarding the difference between the value of assets and the sum total of liabilities.

NEW DELHI;

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. 3/3/66-SR, dated the 23rd August, 1966 from Shri Jai Sukh Lal Hathi, Minister of State in the Ministry of Home Affairs to the Secretary, Lok Sabha.]

The President having been informed of the subject matter of the Bill further to amend the Electricity (Supply) Act, 1948, recommends, under clauses (1) and (3) of article 117 of the Constitution, the introduction of the said Bill in and its consideration by the Lok Sabha.

FINANCIAL MEMORANDUM

Clause 2 of the Bill provides for the revival and coming into force of the provisions relating to State Electricity Boards, contained in the Electricity (Supply) Act, 1948, with the modifications specified in the Tenth Schedule.

Section 16 of the Act provides for the constitution of a State Electricity Consultative Council consisting of members of the Board and such other persons, being not less than seven and not more than fifteen, as the State Government may appoint after consultation with bodies or representatives of the interests specified therein. Section 17 of the Act makes provision for constitution for Local Advisory Committees for such areas as the State Government may determine. Under section 78 of the Act, the State Government may make rules providing *inter alia* for the terms and conditions of appointment of members of the State Electricity Consultative Council and Local Advisory Committees.

Section 60 of the Act, as proposed to be modified by paragraph 9 of the Schedule to the Bill, provides that all expenditure which the State Government (Central Government in the case of the Union territory of Delhi) may, not later than two months after the first constitution of the Board, declare to have been incurred before the issue of the notification under section 1A on capital account in connection with the purposes of the Act shall be deemed to be a loan advanced to the Board under section 64.

Section 63 of the Act as modified by paragraph 11 of the Schedule provides for making of subventions to the Board on such terms and conditions as the State Government may determine. Section 64 of the Act provides that the State Government may from time to time advance loans to the Board on such terms and conditions as that Government may determine.

Section 66 of the Act provides for guarantee of the payment of the principal and interest of any loan proposed to be raised by the Board or of either the principal or the interest.

The rules made under section 78 of the Act regarding the terms and conditions of appointment of members of a State Electricity Consultative Council and Local Advisory Committees may also provide for payment of allowances to these members for attending the meetings of the Council and the Committees. It is estimated that the expenditure on this account will be about rupees two thousand per annum.

No expenditure is likely to be incurred under section 60 as the functions proposed to be entrusted to the Board would continue to be discharged by the Delhi Electric Supply Undertaking until they are transferred to the Board. No subventions have been made by the Central Government to that Undertaking so far. Nor is it likely that any subvention will be made to the Board. To meet the capital requirements of the Undertaking, loans amounting to Rs. 4,15,68,400 and Rs. 6,83,40,000 were advanced to it by the Central Government during the years 1964-65 and 1965-66 respectively and a provision of Rs. 700 lakhs has been made for that purpose during the current financial year, *i.e.* 1966-67. A substantial part of such loan assistance will have to be made available to the Board when it is constituted, to meet its requirements.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Section 78 of the Electricity (Supply) Act, 1948 provides for the making of rules to give effect to the provisions of the Act and sub-section (2) of that section provides for the matters with respect to which rules may be made. These matters *inter alia* include the powers of the Chairman and the term of office of the Chairman and other members of the Board, the conditions under which they shall be eligible for re-appointment and their remuneration, allowances and other conditions of service; the conditions subject to which the Board may borrow under section 65; the manner in which stock issued by the Board shall be issued, transferred, dealt with and redeemed; and the business of the Board upon which the Local Advisory Committees concerned shall be consulted. Paragraph 15 of the Schedule to the Bill seeks to modify sub-section (2) of section 78 so as to empower the State Government to make rules also regarding the conditions under which the elected members of the Board shall be eligible for re-election.

2. Section 79 of the said Act empowers the Board to make regulations not inconsistent with the Act and the rules made thereunder to provide for all or any of the matters specified therein. These matters *inter alia* include the administration of the funds and other property of the Board and the maintenance of its accounts; the summoning and holding of meetings of the Board, the time and place at which such meetings shall be held, the conduct of business thereat and the number of members necessary to constitute a quorum; and the duties of officers and servants of the Board and their salaries, allowances and other conditions of service.

3. The matters with respect to which rules under section 78 (including the conditions under which the elected members of the Board shall be eligible for re-election and the regulations under section 79 may be made are matters of a routine nature or of detail and the delegation of legislative power is therefore, of a normal character.

The Undertaking also makes bulk supplies of drinking water to the New Delhi Municipal Committee and the Military Engineer Services, Delhi Cantonment, and is also responsible for the disposal of sewage in the Corporation and New Delhi areas. With a view to meet the expanding water supply requirements of Delhi and to deal with effectively the problem of sewage disposal, it is proposed to constitute a separate statutory Board, namely, the Delhi Water Supply and Sewage Disposal Board to be in charge of processing of water and making bulk supplies thereof to the Municipal Corporation of Delhi, the New Delhi Municipal Committee and the Military Engineer Services, Delhi Cantonment and of the disposal of sewage in the Corporation and New Delhi areas. The Bill is intended to achieve these objects.

2. The salient features of the Bill are as under:—

(i) The Board to be constituted under the Bill will be a body corporate and will consist of six members. Of these, two will be elected by the members of the Metropolitan Council of Delhi and one by the members of the Municipal Corporation of Delhi, from among themselves and the other three members (including the Chairman) will be appointed by the Administrator.

(ii) The Board will be charged with the general duty of providing bulk supply of water to the Municipal Corporation of Delhi, the New Delhi Municipal Committee and the Military Engineer Services, Delhi Cantonment and of making adequate provision for the disposal of sewage delivered to it by the Municipal Corporation of Delhi and the New Delhi Municipal Committee.

(iii) The quantity of water that may be supplied to the aforesaid receiving bodies is to be fixed by agreement between the Board and the concerned receiving body and in case where the total demand of the receiving bodies is in excess of the available supply, the Board will determine the proportion in which the water is to be supplied to each receiving body.

(iv) The expenditure incurred by the Board on the supply of water to the receiving bodies will be recovered from the bodies in the same proportion as the supplies are made to them.

(v) A duty has been cast on the Board to receive in bulk from the Municipal Corporation of Delhi and the New Delhi Municipal Committee all sewage delivered to it by the said Corporation or Committee and dispose of such sewage.

(vi) The total net cost of the disposal of the sewage will be borne by the Municipal Corporation of Delhi and the New Delhi Municipal Committee in such proportion as the Administrator may from time to time determine and the same will have to be paid by the said Corporation and Committee to the Board.

STATEMENT OF OBJECTS AND REASONS

The Election Commission have made a number of recommendations for the amendment of the election law and procedure in its Report on the Third General Elections in India in 1962 and subsequently. After careful examination, the Government have decided to accept those recommendations excepting those relating to election expenditure, increase in security deposit, multiplicity of candidates and deposit in connection with Presidential election.

The important recommendations which have been accepted by the Government relate to the following matters:—

(i) consolidation of the provisions relating to seats and delimitation orders;

(ii) creation of a new officer to be known as the district election officer in the electoral machinery of the country who would be an officer of the Government designated or nominated by the Election Commission in consultation with the State Government and would occupy a position in the electoral hierarchy between the chief electoral officer of the State and the returning officer for the constituency and be in charge of the preparation and revision of electoral rolls and the conduct of elections;

(iii) revision of electoral rolls according to the direction of the Election Commission and not otherwise;

(iv) consolidation of the provisions relating to disqualifications for membership and voting;

(v) lessening the rigour of the disqualification resulting from the failure to lodge accounts of election expenses;

(vi) conferment of power upon the Election Commission to delegate its functions to senior officers of the Commission;

(vii) reduction in the time-table for the General Elections by seven days by making suitable changes in the relevant provisions of the 1951-Act;

(viii) provision for fresh poll in the case of destruction or loss, etc., of ballot papers at the time of counting;

(ix) power of Election Commission in suitable cases to withhold the declaration of results of election;

(x) abolition of Election Tribunals and trial of election petitions by High Court;

(xi) making free conveyance of voters a corrupt practice and enhancement of the punishment for the offence;

(xii) obtaining the assistance of a Government employee as a polling or counting agent by a candidate not to be a corrupt practice but penalty for a Government employee acting as an election agent or a polling agent or a counting agent of a candidate to be imposed;

(xiii) certain offences by election officers to be cognizable.

The Bill is intended to give effect to these recommendations.

The notes on clauses explain in detail the various provisions of the Bill.

G. S. PATHAK.

NEW DELHI;
The 12th August, 1966.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. F.7(6)/66-Elcc., dated the 20th August, 1966 from Shri G. S. Pathak, Minister of Law to the Secretary, Lok Sabha].

The President having been informed of the subject matter of the Representation of the People (Amendment) Bill, 1966 has, in pursuance of clause (3) of article 117 of the Constitution of India, recommended the consideration of the Bill by the Lok Sabha.

Notes on clauses

Clause 2.—By this clause, two new sections are proposed to be substituted for existing sections 3 and 4 of the Representation of the People Act, 1950. The proposed section 3 will show not only the total number of members allocated to each State, Union territory or area, but it will also show the seats reserved for the Scheduled Castes or the Scheduled Tribes which would make for convenience of reference.

Proposed section 4, apart from providing for the filling of seats in the House of the People, provides also for several matters relating to constituencies for the purpose of elections to the House of the People. Besides, sub-sections (3), (4) and (5) of the proposed section 4 consolidate at one place the provisions which at present lie scattered in different Acts such as the Delimitation Commission Act, 1962, the State of Nagaland Act, 1962 and the Government of Union Territories Act, 1963.

Clause 3.—This is a saving provision in relation to sitting nominated members in the House of the People from the Union Territories of the Andaman and Nicobar Islands and the Laccadive, Minicoy and Amindivi Islands and Dadra and Nagar Haveli and the States of Jammu and Kashmir and Nagaland.

Clause 4.—This clause seeks to substitute new sections for section 7 of the 1950-Act and new section 7 is along the lines of the proposed section 4 in relation to the House of the People.

Proposed section 8 provides for the consolidation of all the Delimitation Orders in respect of parliamentary and assembly constituencies throughout the whole of India to be known as the Delimitation of Parliamentary and Assembly Constituencies Order, 1966. This would be of great help to the candidates, voters, ministers, officials and everyone concerned.

Proposed section 9 empowers the Delimitation Commission to keep the consolidated Delimitation Order up to date by correcting printing mistakes and other mistakes out of any inadvertent slip or omission.

Clause 5.—This clause seeks to insert a new section 13AA which provides for the creation of a new officer to be known as the district election officer in the electoral machinery of the country. In the absence of an intermediate officer of sufficiently high status bet-

ween the chief electoral officer of the State and the returning officer for the constituency, a good deal of avoidable inconvenience in connection with the preparation and revision of electoral rolls and the conduct of elections is being felt. Thus, by providing for a district election officer who will be an officer of the Government designated or nominated by the Election Commission in consultation with the State Government, it is intended to rectify the difficulties so far experienced in this behalf. It has also been provided that in the case of bigger districts, the Election Commission may designate or nominate more officers than one.

Clauses 6 and 7.—In the scheme obtaining under the 1950-Act, no separate electoral roll is prepared for a parliamentary constituency. The electoral rolls prepared for assembly constituencies form the basis for the preparation of the electoral rolls of parliamentary constituencies. However, there are a few exceptions to this general scheme in relation to the State of Jammu and Kashmir and to the Union territories not having Legislative Assemblies, namely, Delhi, the Andaman and Nicobar Islands, the Laccadive, Minicoy and Amindivi Islands and Dadra and Nagar Haveli. So far as the State of Jammu and Kashmir is concerned, the electoral rolls for the assembly constituencies are prepared on the basis of the provisions of the Jammu and Kashmir Constitution and the Jammu and Kashmir Representation of the People Act, wherein the essential condition for a person to be registered as a voter for an assembly constituency in that State is the test of his permanent residence in that State. On the other hand, under the Constitution of India and the Representation of the People Act, 1950, the necessary criterion for being registered as a voter in the electoral roll for an assembly constituency in any of the other States in India is the test of citizenship. By reason of this difference, separate provisions have to be made; and clauses 6 and 7, by making suitable amendments in sections 13B and 13D of the 1950-Act, seek to provide for this.

Clause 8.—By this clause, changes of merely drafting nature have been made in section 20 of the 1950-Act which gives the meaning of the expression "ordinarily resident". However, by a new sub-section, namely sub-section (7), it has been provided that in cases of doubt as to where a person is ordinarily resident at a particular time, the question shall be determined with reference to all the facts of the case and such rules as may be made in this behalf by the Central Government in consultation with the Election Commission. Elaborate provisions in this behalf are found in the relevant rules both in the United Kingdom and in Canada.

Clause 9.—By this clause, a new sub-section is sought to be substituted for sub-section (2) of section 21 of the 1950-Act, with a view to doing away with the necessity of having annual revision of electoral rolls, as in practice, it has been found that it is neither feasible nor is it possible to carry it out in a satisfactory manner. Hence, as suggested by the Election Commission, it has now been provided that the electoral roll shall be revised in any subsequent year only when so directed by the Election Commission.

Clause 10.—This clause seeks to substitute a new section for the existing section 23 of the 1950-Act, relating to inclusion of names in electoral rolls. The new section differs from the existing section in two particulars. Unlike as at present, under the new section, in every case the application for inclusion of name shall be made only to the electoral registration officer. Besides, it has also been provided in sub-section (3) of new section 23 that the electoral registration officer shall not give any direction for the inclusion of a name after the last date for making nomination as fixed under section 30 of the Representation of the People Act, 1951, as otherwise such applications cause considerable difficulties and inconvenience to the electoral machinery specially during general elections.

Clause 11.—Since the newly substituted section 23 provides for the making of application for inclusion of name in the electoral roll only to the electoral registration officer and not to the chief electoral officer, it has now become necessary to amend section 24 of the 1950-Act so as to provide for an appeal to the chief electoral officer against the decision of the electoral registration officer in respect of applications for inclusion of names in the electoral roll. Clause 11 seeks to amend section 24 for this purpose.

Clause 12.—The change effected in section 28 of the 1950-Act by this clause is consequential to the amendment made by clause 8 in section 20.

Clauses 13 and 14.—These two clauses seek to substitute new Schedules for the First Schedule and the Second Schedule to the 1950-Act.

Clause 15.—This clause, among other things, seeks to insert in section 2 of the Representation of the People Act, 1951, two definitions of “district election officer” and “public holiday”. This has become necessary in view of the new provision for the appointment of district election officers made in the new section 13AA of the 1950-Act. Again, the definition of “public holiday” given in sections 30 and 39 of the 1951-Act has been shifted to section 2 which deals

with the general definitions of terms and expressions, and in the process, the definition has been altered with a view to exclude from its purview any day notified by the State Government to be a holiday for the Government offices in the State, as that creates lot of difficulties in the conduct of elections in view of different States declaring different days as holidays in their States.

Clause 16.—This clause makes a minor amendment of a verbal character.

Clauses 17 and 18.—The amendments made in sections 3 and 4 of the 1951-Act by these two clauses are consequential upon and are a corollary to the amendments made in the 1951-Act by clause 2 of the Bill.

Clause 19.—This clause again makes an amendment of a verbal character in section 5 of the 1951-Act.

Clauses 20 and 31.—The existing provisions relating to disqualification for membership of Parliament and State Legislatures are scattered in two places in the 1951-Act, which are wide apart from each other. Section 7 lays down the disqualification for membership. Section 8 contains some saving provision with respect thereto and section 9 contains an interpretation clause. While sections 139 and 140 specify the offences of corrupt practice which entail disqualification and also lay down the period for such disqualification, section 140A gives power to the Election Commission to remove any such disqualification or to reduce the period. Again, while section 141 provides for disqualification for voting, section 144 empowers the Election Commission to remove any such disqualification. Section 145 provides for disqualification for being an election agent of a candidate at an election. Clause 20 seeks to group together all these provisions relating to disqualification for membership and voting in one place so that it becomes easy for everyone to find at a glance the provisions contained in our election law as to disqualification for membership and voting. This is proposed to be done by new sections 7, 8, 8A, 9, 9A, 10, 10A, 11, 11A and 11B.

Apart from the grouping of the sections effected by clause 20, some changes have also been made in the relevant provisions. In the new section 9A, an *Explanation* has been added to make it clear that a contract with the Government shall be deemed not to subsist by reason only of the fact that the Government has not performed its part of the contract either wholly or in part. This change has become necessary in order to do away with the disqualification that attaches to a person for being chosen as or for being

a member of Parliament or State Legislature even after he has fully performed his part of the contract, since it would hardly be justifiable to retain such a disqualification provision in a modern welfare State when State activities extend almost over every domain of the citizens' affairs where very many persons are, in one way or other, have contractual relationship with the Government. That being the case, an unduly strict view about Government contract in the present day might lead to the disqualification of a large number of citizens many of whom may prove to be able and capable members of Parliament and State Legislatures. It would be of interest to note in this connection that in the United Kingdom, any disqualification arising out of any contract with the Crown has been done away with by the House of Commons Disqualifications Act, 1957. Likewise, the change made in the new section 10A which marks a departure from the provision contained in clause (c) of existing section 7 has become necessary to save a considerable waste of time and energy of the Election Commission and its staff who, under the existing scheme, spend considerable time in going through the returns of election expenses filed by the candidates to ascertain whether they have been lodged within the time and in the manner required by law, only to remove the disqualification imposed, as invariably the lapses and laches on the part of the candidates are of a trivial nature. To get over this, new section 10A seeks to provide that if the Election Commission is satisfied that there has been a failure to lodge an account of election expenses according to law and that there was no good reason for such failure, then the Election Commission shall declare the person concerned to be disqualified and such disqualification shall be for a period of three years.

Clause 31 substitutes a new section for existing section 41 relating to disqualification for being an election agent, and this new section 41 corresponds to existing section 145.

Clause 21.—Under the present law, there is no provision empowering the Election Commission to delegate its functions even in routine matters. This, in practice, creates lot of difficulties where the Election Commission is unable to delegate its functions even to a superior officer of the Commission. Clause 21 seeks to insert a new section 19A to provide for the delegation of functions of the Election Commission to a Deputy Election Commissioner or to the Secretary of the Commission subject to any directions that may be given by the Election Commission.

Clause 22.—This clause seeks to insert a new section 20A which provides for the duties of the district election officers in connection with the conduct of elections.

Clauses 23 and 24.—As the present provision contained in sections 21 and 22 of the 1951-Act which require a returning officer or an assistant returning officer to be an officer of the Government creates practical inconvenience and difficulty, clauses 23 and 24 seek to amend sections 21 and 22 so as to provide that a returning officer as well as an assistant returning officer may be an officer of a local authority also, such as a municipal corporation.

Clause 25.—This clause seeks to substitute a new section for section 25 of the 1951-Act so as to empower the district election officer (who will be an officer senior to the returning officer) to provide polling stations in constituencies under his jurisdiction as such a function may be better performed by him.

Clause 26.—This clause seeks to amend section 26 by providing that presiding officers and polling officers in constituencies in a State will be appointed not by the returning officer but by the district election officer. But it has also been provided that so far as a Union territory is concerned, the functions of providing polling stations as well as appointing presiding officers and polling officers will continue to be performed by the returning officers, as in a Union territory no provision has been made for the appointment of a district election officer.

Clause 27.—This clause makes suitable changes in section 30 of the 1951-Act so as to compress the time-table for election. The changes effected result in a saving of seven days in the time-table of elections.

Clause 28.—The amendment made in section 31 of the 1951-Act by this clause is purely of a drafting nature.

Clause 29.—This clause seeks to make two amendments in section 33 of the 1951-Act. In the first instance, it is proposed to add a proviso to sub-section (1) of section 33 to the effect that no nomination paper shall be delivered on a public holiday since in the absence of a specific provision of this kind, candidates sometimes insist that the office of the returning officer should be kept open even on a public holiday for the purpose of receiving their nomination papers. The new proviso to sub-section (4) is comprehensive in nature and it is on the lines of sub-section (5) of section 39 of the U.K. Representation of the People Act, 1949. This has been done to

remove all possible doubts about the power of the returning officer to correct any misnomer or inaccurate description in regard to the name of a candidate or his proposer or any other person or in regard to any place mentioned in the electoral roll or in the nomination paper.

Clause 30.—This clause seeks to amend section 39 which deals with the time-table of elections to the Rajya Sabha and to the State Legislative Councils. By the change made in section 39, a saving of two days in the time-table of elections has been effected.

A new provision has also been inserted so as to make it clear that in an election to the Legislative Council by the members of the Legislative Assembly, a member of the Assembly cannot become a candidate because he is disqualified. Such an express provision in the election law will enable the election officers who are hardly conversant with the provisions of the Constitution to be guided properly in this behalf.

Clause 32.—This clause seeks to give effect to the recommendation of the Election Commission by amending section 52 of the 1951-Act so as to provide for the countermanding of the poll even in cases where a validly nominated candidate dies before the preparation of the list of contesting candidates under section 38.

Clause 33.—This clause makes changes in section 60 of the 1951-Act which are merely of a drafting nature.

Clause 34.—This clause seeks to insert a new section after section 64 to deal with situations wherein during the stage of counting of votes any ballot papers are unlawfully taken out of the custody of the returning officer or are accidentally or intentionally destroyed, lost or damaged or tampered with.

Clause 35.—This clause seeks to amend section 66 so as to empower the Election Commission to issue directions to withhold the declaration of the result if something goes wrong in the counting of votes and the same is brought to the notice of the Election Commission in time. The absence of such power renders the Election Commission powerless to act even when such instances are brought to the notice of the Commission.

Clause 36.—This clause seeks to amend section 78 so as to provide that the account of election expenses should be lodged with the district election officer instead of the returning officer.

Clauses 37 to 45.—One of the principal recommendations of the Election Commission relates to the abolition of Election Tribunals and the trial of election petitions by the High Courts. The changes in the 1951-Act to give effect to these recommendations are contained in clauses 37 to 45 of the Bill.

Clauses 46 to 49.—These clauses seek to streamline and simplify provisions of sections 109 to 116 of the 1951-Act relating to withdrawal and abatement of election petitions.

Clause 50.—By clause 50, Chapter IVA relating to appeals from decisions of Election Tribunals is sought to be omitted in view of the new scheme of trial of election petitions by High Courts.

Clause 51.—By this clause, new sections are sought to be substituted for existing sections 117 to 120 of the 1951-Act relating to costs and security for costs. As election petitions will be presented to and tried by the High Courts, the provisions as to costs and security for costs have been simplified.

Clause 52.—This clause makes changes in section 121 of the 1951-Act which are of a consequential nature.

Clauses 53 and 59.—Under the present law, an inducement offered to a candidate not to withdraw his candidature does not amount to a corrupt practice of bribery. It is felt that such an inducement should, with justification, be brought within the ambit of corrupt practice and clause 53 seeks to achieve this by amending section 123 of the 1951-Act. The definition of "electoral right" in section 79(d) has also been suitably altered by clause 37.

Again, under clause (5) of section 123, the hiring or procuring of any vehicle or vessel by a candidate, etc., for the conveyance of any voter is a corrupt practice. But the Election Commission has expressed the view that it is not so much the hiring or procuring of the vehicles, etc., as the free conveyance of voters by the candidate or his agent as an inducement to them to vote on his behalf that requires to be condemned as a corrupt practice. Clause (5) of section 123 has been amended suitably for this purpose.

Again, the Election Commission has expressed the view that the provision by which a person is deemed to assist in the furtherance of the prospects of the candidate's election should be restricted only to cases where he acts as an election agent and not as a polling agent or a counting agent. In view of this, references to polling agent and counting agent have been omitted from clause (2) of the *Explanation* at the end of section 123. But at the same time, new section 134A,

proposed to be inserted by clause 59, provides that if a person in the service of the Government acts as an election agent or a polling agent or a counting agent of a candidate at an election, he shall be punishable with fine which may extend to five hundred rupees. Thus, the combined effect of clause 53(d) and clause 59 will be that whereas the election of a person will not be liable to be set aside by reason of a Government employee acting as a polling agent or as a counting agent as it will no longer be a corrupt practice under clause (7) of section 123, the Government employee will himself be guilty of an offence and will be liable to punishment accordingly. Consequently, therefore, if a Government employee chooses to act as a polling agent or a counting agent of a candidate, he will do so at his own risk.

Clause 54.—Because of an erroneous understanding of the expression “twenty-four hours before the date of the commencement of the poll” used in section 126 of the 1951-Act, in practice, election meetings go on even after the mid-night which marks the beginning of the day preceding the election day. Since this was not the real intention of the section, the Election Commission has recommended a minor amendment of the section so as to clarify the position. This clause seeks to extend the period of ban on public meetings slightly by amending sub-section (1) of section 126.

Clause 55.—The amendment made by this clause in sub-section (1) of section 129 of the 1951-Act is of a consequential nature.

Clause 56.—By this clause, the reference to “one hundred yards” in section 130 of the 1951-Act has been changed to “one hundred metres” consequent on the general switch-over to the metric system.

Clause 57.—This clause by amending section 133 of the 1951-Act seeks to give effect to the recommendation of the Election Commission for enhancing the punishment for the offence of hiring and procuring of conveyance which is a corrupt practice under clause (5) of section 123. In view of the enhancement of the punishment, the offence has also been made cognizable.

Clause 58.—The amendment effected by this clause in sub-section (3) of section 134 of the 1951-Act is purely of a consequential nature.

Clauses 60 and 61.—Under the present law, a distinction has been made in the case of the same offences committed by an officer on the one hand and by an ordinary citizen on the other. While this procedure is open to challenge as being violative of article 14 of the Constitution on the ground of unreasonable discrimination, considerable difficulty and inconvenience is being experienced by the Election Com-

mission in following an elaborate and cumbersome procedure laid down in section 137 in relation to offences under section 136 committed by a returning officer or other officers. With a view to getting over the constitutional objection and the inconvenience caused in this behalf, clause 60 seeks to amend section 136 of the 1951-Act by making the offence by electoral officers cognizable and clause 61 seeks to omit section 137 of the 1951-Act as being unnecessary in view of the changed scheme. It has also been provided that the omission of section 137 shall not affect any inquiry pending before such omission.

Clause 62.—This clause seeks to omit Part VIII of the 1951-Act as the provisions relating to disqualification for membership and voting have all been brought into one place as referred to in clause 20.

Clause 63.—This clause incorporates a saving provision in relation to pending elections and election petitions which shall continue to be regulated in accordance with the provisions of law in force immediately before the commencement of this amending Act.

FINANCIAL MEMORANDUM

Clause 5 of the Representation of the People (Amendment) Bill, 1966, provides for the creation of a new officer to be known as the district election officer who will be an officer of Government designated or nominated by the Election Commission in consultation with the State Governments. The appointment of such district election officers will entail expenditure being incurred by the Election Commission which would be met from the Consolidated Fund of India. There are about 330 districts in India and as such it may be necessary to appoint about 350 officers (taking into account circumstances in which more than one district election officer will be appointed in some districts). These persons being officers of Government, it may be necessary to give them some special pay for doing the additional work as district election officers and consequently, therefore, an expenditure of about Rs. 35,000 per month is likely to be incurred. This is a recurring expenditure.

Clause 38 of the Bill provides for the trial of election petitions by High Courts instead of by election tribunals, as at present. Depending upon the strength of the High Courts in the various States, it may perhaps be necessary at least in some of the States, if not in all, to appoint more Judges for this purpose which may involve incurring of expenditure from out of the Consolidated Fund of India. On the assumption that one Judge in each State shall be exclusively assigned for the trial of election petitions, the expenditure to be incurred in this behalf may amount to about rupees seven lakhs. This is the estimated or probable expenditure during the first year after the General Elections during which most of the election petitions are expected to be disposed of. As to what will be the expenditure thereafter, it is not possible at this stage to give even a rough estimate thereof because that would depend upon the number of election petitions arising out of the General Elections, which remain undisposed of and the number of bye-elections and the number of election petitions arising therefrom.

According to the existing financial arrangements in respect of the election expenditure, such expenditure would have to be shared by the Central and State Governments on a half and half basis. Therefore, in all, on a rough estimate, the expenditure that is likely to be incurred and which would have to be met from the Consolidated Fund of India shall be about Rs. 3½ lakhs in respect of the trial of election petitions for a year within which the majority of the election petitions would be likely to be disposed of and a further sum of about Rs. 17,500 per month which may have to be incurred in respect of the district election officers.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clauses 8 and 12 of the Bill empower the Central Government to make rules for the determination of the question as to where a person is ordinarily resident at any particular time.

The matters in respect of which rules may be made are matters of administrative detail and procedure and as such, the delegation of legislative power is of a normal character.

BILL NO. 57 OF 1966

A Bill further to amend the Constitution of India.

BE it enacted by Parliament in the Seventeenth Year of the Republic of India as follows:—

Short
title.

1. This Act may be called the Constitution (Twenty-first Amendment) Act, 1966.

Amend-
ment of
article
324.

2. In article 324 of the Constitution, in clause (1), the words “, including the appointment of election tribunals for the decision of doubts and disputes arising out of or in connection with elections to Parliament and to the Legislatures of States” shall be omitted.

STATEMENT OF OBJECTS AND REASONS

One of the important recommendations made by the Election Commission in its Report on the Third General Elections in India in 1962, and accepted by the Government relates to the abolition of election tribunals and trial of election petitions by High Courts.

If the proposal for a legislation to amend the Representation of the People Act, 1951, containing, *inter alia*, provisions for the trial of election petitions by High Courts instead of by election tribunals, as at present, is accepted by Parliament, it would be necessary to make a minor amendment in clause (1) of article 324 of the Constitution for the purpose of deleting therefrom the words “, including the appointment of election tribunals for the decision of doubts and disputes arising out of or in connection with elections to Parliament and to the Legislatures of States”.

The Bill is intended to give effect to the aforesaid object.

NEW DELHI;
The 16th August, 1966.
